Performance was founded in 1998 to fill a void in the point-of-sale market in the Southeast. Since inception it has led the industry in quality products, service, and solutions. Partnering with the likes of IBM, Motorola, Epson, Samsung, POSitouch, and Envision, Performance delivers custom solutions for our clients using only the best products on the market.

Our company believes in local service with a global approach. With experience operating on an international stage, Performance understands what it takes to be successful regardless of the size and complexity of your operation. From the

“mom and pop” down the street to the regional chain looking to grow nationally and internationally we have a program to fit your needs.

While products are an important part of our solution, we believe our most valuable asset is our people. Our entire team has hospitality experience and they bring those years of experience into every project. Our industry is like no other and unless you have rode the animal we call a “restaurant” you can’t understand it.

**At Performance we are invested in your future.**
